Bacalhau Dry

乾馬介休

Highly appreciated and recognized in Macau, Codfish is a lean fish, easily digestible and part of the Traditional and Authentic Portuguese and Macanese cuisine.

History has proven that this ancestral process of salting, drying and stocking the fish is the most natural and effective in preserving its nutritional properties. Traditional chefs may identify themselves more with this product line.

在澳門備受推崇和認可，鱈魚是一種瘦肉魚，易於消化，是傳統正宗葡萄牙和澳門美食主菜的一部份。

歷史證明，這種對魚進行醃製、乾燥和放養的祖傳過程是保存其營養特性的最自然和最有效的方法。亦更被傳統廚師更認同這產品線。

Sardines

沙甸魚

Barbecue, stewed or deep fried, Sardine is consumed in all Portuguese regions, from North to South.

The size and right balance between fat and meat are key factors on selecting the highest quality Sardines, and that's what we've achieved with our portfolio.

既可燒烤，燜煮或油炸，沙甸魚在所有葡萄牙地區，從北到南都被普遍食用。

脂肪和肉之間比例的大小和適當的平衡是選擇最優質沙甸魚的關鍵因素，這就是我們通過我們的產品組合實現的目標。

Cooked, boiled, grilled or simply raw (sashimi), as a starter, snack or main dish, Octopus is a perfect pairing and transversal to many cuisines.

Its origins from cold waters of North Atlantic and deep frozen in sea, make it tasty and incredibly tender.

其源自北大西洋冰冷的海洋深處，所以口感軟綿美味。
